California Congressmen See Finish of Citrus Fruit Duties in Attitude of Senate

UPPER HOUSE PLANS TO GIVE FREE TRADE DOSE

Will Slash Tariff Rates Even Lower Than House Has Already Done

WASHINGTON, May 21.—California senators and representatives now fear the House cuts on citrus fruits duties may be exceeded when the Senate acts, and that the possibility that lemons may be free-listed is fast becoming a probability.

It is freely rumored that the Senate also contemplates lower rates on various manufactured goods and members of the Senate finance committee declare that the Senate, finding itself "up against it," may decide to give the Democratic administration its fill of low duties by slashing the Payne schedules more generally than did the House.

A full meeting of the Senate finance committee today entered into consideration of the tariff bill. Discussion was general as to whether or not La Follette's list of questions for manufacturers, designed to elicit essential tariff facts, should be sent to all protected interests. During the meeting Senator Simmons intimated that he favors the passage of a tariff law with "more study and less speechifying." Penrose indicated that he will impede tariff progress as much as possible.

In a debate between Senator Townsend of Michigan, and Senator Simmons as to the intention of Secretary Redfield to probe all cases of reduction of wages under the new tariff bill, Townsend asked if the declaration of a certain manufacturer that certain tariff changes would force him to reduce expenses, was construed as a threat.

"The Senator may construe it as he sees fit," said Senator Simmons in reply. "Call it a threat or a statement, but the Secretary of Commerce had reference to these constant warnings by representatives of the industries that they would get suffer in their own pockets from tariff reduction, but would shoulder the loss upon their employes."

MANUFACTURERS TO OPPOSE PROPOSED REDFIELD PROBE

DETROIT, May 21.—Delegates to the National Manufacturers' Convention here today promised a stubborn opposition to Secretary of Commerce Redfield's plan to appoint a federal commission to investigate factories where wages might be reduced if the output should be curtailed as a result of the Underwood tariff. It is expected a denunciatory resolution will be adopted today.

W. VA. COAL FIELDS SITUATION TO BE PROBED BY SENATE

WASHINGTON, May 21.—The senate labor committee named Senators Borah, Swanson and Shields as a subcommittee to consider a resolution by Senator Kern demanding a senate investigation of the situation in the West Virginia coal fields.

A favorable report is expected. Senator Kern will demand a roll call when the report is made.

ILLINOIS LEGISLATIVE COMMITTEE FAVORS SUFFRAGE

SPRINGFIELD, Ill., May 21.—In a lively meeting preceding the House session yesterday, the elections committee of that body adopted the report of a subcommittee seating Boardman, a Progressive, over Hennebry, Democrat; took favorable action on the woman's suffrage bill, which has already passed the Senate, and postponed action on a contest brought against Medill McCormick, Progressive floor leader.

STUDENTS TO HEAR BIBLE

Gov. Tener Signs Bill for Reading of Ten Verses of Bible Each Day In Pennsylvania Schools

HARRISBURG, Pa., May 21.—Under a bill approved by Governor Tener today ten verses of the bible must be read every day without comment in the public schools of Pennsylvania. Teachers who violate the law are subject to dismissal.

Minimum $7.50 Wage for Women, Illinois Measure

SPRINGFIELD, Ill., May 21.—Seven and a half dollars a week is fixed temporarily as the lowest pay to be given to women and minors in Illinois in a minimum wage law indorsed last night by the senate white slavery commission.

The meeting was attended by Lieutenant Governor O'Hara and Senators Juul, Woodward, Beall and Tossey, and the bill goes to the senate today. The principal features of the measure follow:

It creates a state industrial commission of three members to establish a minimum living wage for women and minors in the various trades, occupations and industries.

It fixes the minimum wage for women and minors at $7.50 per week until the commission shall have established a permanent minimum.

It declares it unlawful for any employer to pay women or minors less than a living wage and fixes the penalty for each separate violation at a fine of $25 and imprisonment for from one month to one year.

The members of the commission are to be appointed by the governor for the term of three years, and are to receive salaries of $2,000 each and traveling expenses.

Business Men of East Seek to Ally Cities 3 States

ZANESVILLE, Ohio, May 21.—One hundred bankers, merchants, manufacturers and men of affairs from Pittsburg, came to Zanesville today to discuss closer business relations between the two cities. From here they go to Lexington and Lancaster and from those cities to a dozen other municipalities in Ohio and West Virginia. They will return to Pittsburg May 24.

Philadelphians Study Wisconsin Varsity Methods

PHILADELPHIA, May 21.—Mayor Blankenburg of Philadelphia, headed a delegation of one hundred prominent business men who left here yesterday for Madison, Wis., to study the methods of the Wisconsin State University in its co-operation with the state and municipal government in working out vexing problems, especially in regard to public educational systems. Representatives of several Pennsylvania universities were among the delegation. The party returns here May 26.

Ocean to Ocean Highway on Old Midland Trail Planned

GRAND JUNCTION, Colo., May 21.—An ocean to ocean highway along the old Midland trail soon will be a reality if plans suggested yesterday at a meeting of delegates from California, Nevada, Colorado and Utah go through. At the earliest moment the legislatures of those states will be asked to take action toward consummation of the plan. Legislatures of other states as well as congress will likewise be petitioned to act on the plans made today. An interesting feature of today's session was reports on conditions of the roads in the four states represented by delegates who came to the meeting in automobiles.

Penny Postage Proposed for 1914

WASHINGTON, May 21.—One-cent postage for letters after July 1, 1914, was proposed in a resolution today by Representative Rouse of Kentucky.

"Tri-City" Glad Hand Meeting at Urbita Springs

SAN BERNARDINO, May 21.—A "tri-city glad hand" meeting will be held at Urbita Springs June 1, the occasion of the opening of the enlarged resort. The city of San Bernardino invites the people of Redlands and Riverside to participate in the jollification.

Louisiana Sugar Crop Loses 12 Per Cent By Floods

NEW ORLEANS, May 21.—The sugar crop of Louisiana in 1912, owing to spring floods, was the smallest crop since 1889. Preliminary returns indicate the output was slightly more than three hundred million pounds, or about 12 per cent of the production of 1911.

SAN DIEGO PUT BACK ON THE PUGILISTIC MAP

SAN DIEGO, May 21.—Rear Admiral Manney, superintendent of San Diego police, has announced he will put the city back on the pugilistic map by issuing licenses to responsible persons to conduct fights up to the twenty-round limit.

MEXICO SEEKS $100,000,000 LOAN

Congress Authorizes Transaction and Provides Guarantee For Payment

JAPANESE SAID TO BE READY TO JOIN REBELS

Masson Flies Aircraft to Guaymas; May Be Signal For Attack to Begin

MEXICO CITY, May 21.—Congress today sanctioned the proposed hundred million dollar loan, to be negotiated by President Huerta at six per cent interest. A guarantee of 36 per cent of the customs receipts was agreed upon for the payment of the loan. This amount will go to French bankers who have been approached for the loan, if the deal is consummated.

Japanese Offer to Join Rebels

MEXICO CITY, May 21.—Offers from thousands of Japanese in Mexico to join in a body the rebel troops of General Venustiano Carranza, opposing the Huerta government, are reported here. The offer is said to have been refused by the rebel chiefs. Other reports say the Japanese will enlist individually. About 300 Japanese are now said to be fighting on each side in the revolutionary struggle in the Mexican provinces.

MASSON'S ARRIVAL AT GUAYMAS IN AIRSHIP MAY OPEN THE FIGHT

NOGALES, Ariz., May 21.—Aviator Didier Masson, after making an exhibition flight in his war aeroplane yesterday at Hermosillo, showing how he could toss bombs into the federal entrenchments above Guaymas or onto the Mexican gunboat lying in Guaymas harbor, started early today on a flight to the state troops' base. It is expected that the advance on the gulf port will begin upon the arrival of the big biplane and its French aviator.

FAR REACHING IS WATER DECISION

Judge Northrup Decides Three Points For Consumer In Water Case at Alhambra

LOS ANGELES, May 21.—By deciding for the defendant in a suit brought by Thomas Gould against the San Gabriel Water Company of Alhambra for money the company compelled him to advance before it would furnish service, Justice Northrup today gave a decision which will have a far-reaching effect in the state. The company will appeal to the highest state courts.

Judge Northrup also held it was illegal for the company to charge patrons for meters or for service connections.

KAISER TO GIVE DAUGHTER THRONE AS WEDDING GIFT

BERLIN, May 21.—According to the Lokal Anzeiger, which claims to be a semi-official newspaper, the Kaiser's principal gift to Prince Ernst of Cumberland and Princess Victoria Luise, the Emperor's daughter, whose marriage is to be celebrated next Saturday, will be a throne. The Kaiser, it is declared, intends to proclaim Brunswick an independent German duchy, with Prince Ernst and Princess Victoria as its first reigning sovereigns.

This step on the part of the Kaiser is looked upon as the ending of the long-standing feud between the Hohenzollerns and the Guelphs, to which the house of Brunswick belongs.

HUERTA OFFICIALS MUST INDORSE MONEY ORDERS TO THE U. S.

WASHINGTON, May 21.—An order was issued by Postmaster General Burleson this week, directing that postmasters refuse to pay money orders issued on and after May 25 at any postoffice in Mexico unless they have received the corresponding address previously indorsed by the Huerta postal administration with a special stamp reading "Visador por la direccion general decorreos de Mexico, D. F."

When payment is thus refused, the instructions say, the holder of the order should be advised to return it to the sender. The order is in pursuance to an agreement entered into between the American and Mexican postal departments.

DYNAMITE PLOT IN BOSTON THICKENS

Witness Testifies to Dynamite Plant by Co-Defendant of William M. Wood

GAVE DETAILS OF PLANS TO INVOLVE STRIKERS

Money Paid Him by Manufacturer Who Declared Things as Being "Troublesome"

BOSTON, May 21.—Expert testimony on dynamite was offered today by Walter Whitney in the trial of William M. Wood, the millionaire president of the woolen trust, charged with planting dynamite to discredit the Lawrence textile strikers. Whitney examined the explosive found at Lawrence and pronounced it 75 per cent dynamite.

John Breen followed Expert Whitney to the stand. He testified that he conferred with Frederick Atteux, a manufacturer held on the same charge as Wood, before January 20th. Breen said Atteux reported things as being "troublesome" and that rumors of dynamiting of textile plants were rife. Breen fully corroborated the testimony offered yesterday by John Collins, co-defendant who testified for the state regarding the planting of dynamite. Breen said he had suggested to Atteux the use of the strikers own methods and prepare a plant of dynamite to scare the strikers. Breen said Atteux gave him a package containing $500. Collins' statement of yesterday that he did not know of a dynamite plot was contradicted by Breen, who further testified that he chose places where the strikers were the thickest for planting dynamite.

District Attorney Pelletirer questioned Breen closely regarding his alleged meeting with Atteux. Breen stuck to his story, stating that Atteux later sent him $200 by special delivery mail.

WILSON MAY VETO THE SUNDRY CIVIL APPROPRIATIONS

WASHINGTON, May 21.—According to reports which have reached the capital President Wilson may veto the sundry civil appropriation bill when it reaches the White House. The president still is in conference between the senate and house, and it is not known when an agreement will be reached between the two bodies on the disputed points. The only difference between the two houses is whether there shall be eleven or five members of the board of managers of the national soldiers' home.

The president is giving careful study to the provision in the bill exempting labor unions and farmers' organizations from the provisions of the Sherman anti-trust law. It was because the bill contained this provision that President Taft vetoed it just before his term expired March 4.

PASTOR WEDS JAP TO WHITE GIRL—WIRES NEWS TO GOV. JOHNSON

MINNEAPOLIS, April 21.—"I've just married a Japanese to an American, thereby doing more good for God and Uncle Sam than your alien land law will do in a thousand years." This was the telegram sent to Governor Johnson of California today by Rev. G. L. Morrill, who married Koskeo Maohari, a Japanese, to Miss Bertha Royam, a Minneapolis girl. Rev. Mr. Morrill recently criticised the California anti-alien land bill from the pulpit.

CHINESE LOAN IS OVER-SUBSCRIBED BY RUSH FOR LOAN

LONDON, May 21.—An unprecedented rush today to secure a portion of the new Chinese loan caused the closing of the lists at the issuing banks at 11 o'clock this morning. It was announced that the loan was largely over-subscribed. It was quoted at one per cent premium by the sellers.

CANNERIES ENLARGE PLANT

SAN FRANCISCO, May 21.—Improvements by the California Canneries Company at the plant in Portrero will increase its capacity about one-third. The capacity of the cannery now will be 120,000 cans per day, and the company intends to turn out about 250,000 cases of canned goods here this season.

AVIATOR PERRION WINS WORLD RECORD IN AERIAL FLIGHT

PARIS, May 21.—Aviator Perrion today broke the world's record for altitude with a passenger, ascending 13,278 feet at Buc. He was aloft two hours and twenty-five minutes.

G. A. R. MEMORIAL SERMON TO BE PREACHED SUNDAY MAY 25, FIRST M.E. CHURCH

On May 30, Memorial Day, Dr. Matt S. Hughes Will Deliver Memorial Address At Grand Opera House

Memorial services by Sedgwick Post, G.A.R., will be held in the First Methodist church on Sunday, May 25, at 11 o'clock a.m. The memorial sermon will be delivered by Rev. E. J. Inwood, pastor of the church. The post, W.R.C., Ladies of the G.A.R. and the Sons and Daughters of Veterans will meet at the post room at 10 o'clock a.m. and go to the church in a body.

Memorial Day Observance

On Friday, May 30, Memorial Day, Sedgwick Post, the W.R.C., the Ladies of the G.A.R., the Sons and Daughters of Veterans, a firing squad of Company L, with Gordon Granger Post of Orange, will assemble at "The Unknown" monument in the Santa Ana cemetery at 9:30 a.m., when the ritualistic service of the G.A.R. will be held. After this service the graves of departed comrades will be strewn with the choicest flowers available. After the patriotic and revenential service is concluded, return will be made to Santa Ana, and in the afternoon Memorial Day services will be held at the Grand Opera House.

Afternoon Service

At 1:30 o'clock the post, W.R.C., Ladies of the G.A.R. and Sons and Daughters of Veterans will meet at the post room, and after a short parade with Company L as escort, and with the Santa Ana Band, will march to the opera house, when a very short G.A.R. service will be held. Hon. Clyde Bishop will then give Lincoln's great Gettysburg address, and Dr. Matt S. Hughes will deliver the memorial address. Dr. Hughes is one of the brilliant orators of the Pacific coast. All are asked to go and hear him on Memorial Day.

Persons having flowers for the cemetery are asked to take them to the G.A.R. Hall by 8 o'clock Friday morning.

GOVERNMENT MAY INSTALL ARMOR MANUFACTURING PLANTS SOON

WASHINGTON, May 21.—Convinced that the so-called competition existing between the three leading armor manufacturing plants of the nation—the Carnegie, the Bethlehem and the Midvale companies—is a mere sham, Secretary of the Navy Daniels has declared he will shortly take steps to establish a government plant which will, if needed, manufacture all the steel plate the navy requires.

"I see no evidence of competition between the companies," said the secretary. "Their bids hardly vary fractions of cents per pound from each other. They divide up the business between them regardless of contract awards."

Secretary Daniels says the need for a navy armor plate plant was foreseen by Secretary of the Navy Herbert of Cleveland's second administration.

"Mr. Herbert visited the naval officials of England, Germany and France and they all told him the same story—that government manufacture of armor plate was inevitable."

It is believed that the recent Krupp scandal in Germany has aroused Secretary of the Navy Daniels to the necessity of taking the entire project out of the hands of private speculation and conspiracy. Mr. Daniels has broached the project to many members of Congress and has secured many assurances of support he has not yet, however, taken up the project with President Wilson.

The construction of an armor-plate plant would cost many millions, but would result in a substantial decrease in the price of the product and cut off the fat profits that now line the pockets of the private manufacturers.

CLUBS DISMISSED 10 JAP SERVANTS

Army and Navy Men May Have Thought Japanese Were Much Too Good Listeners

NEW YORK, May 21.—Suspicion that perhaps they are too attentive listeners resulted in the dismissal of ten Japanese waiters from the Army and Navy and United Service Clubs here, both organizations being composed of army and navy men.

No member of the clubs would say that the discharged Japanese were suspected of being spies, the explanation being that their work was unsatisfactory. It is noted, however, that the new servants employed include no Japanese.

SWEARS HE DREW UP AFFIDAVITS

LOS ANGELES, May 21.—Isaac Lesenski, a San Diego notary public, today testified before Federal Judge Wellborn for the prosecution in the trial of three San Diego postoffice clerks charged with opening letters addressed to Congressman Smith, Senator Works and Postmaster General Hitchcock, containing affidavits from five supervisors of mails to the effect that they never saw Postmaster Bartholomew of San Diego, drunk. The clerks, E. W. Schmedes, F. E. Green, and Fred C. Bennet, are accused of waging war against Bartholomew so the affidavits to his good character would not reach Washington. Lesenski testified that he drew up the affidavits, and testimony was then introduced to trace the affidavits from the time they were mailed until they disappeared from the mails.

McCAREY DELAYS DECISION AS TO RELEASING JOE RIVERS

LOS ANGELES, May 21.—Promotor Tom McCarey will withhold until tomorrow his decision whether he will release Joe Rivers from his promise to box here on July Fourth. It is believed McCarey is making a final effort to get Champion Ritchie here for Rivers on that date, and if he does not succeed he will match Bud Anderson with Rivers. Ritchie is said to have agreed to fight in San Francisco for Eddie Graney, to whom McCarey will give his decision tomorrow regarding the release of Rivers.

ALASKA HAS NEW GOVERNOR TODAY

Major J. F. A. Strong Takes Oath of Office; Ex-Gov. Clark Off For New England

JUNEAU, Alaska, May 21.—Major J. F. A. Strong took the oath of governor today succeeding Walter F. Clark. The oath was administered by Commissioner Grover C. Winn.

The new governor with his wife arrived from Seattle last night. After a formal reception he was escorted to the governor's mansion.

Immediately after the ceremony today ex-Governor Clark embarked for Seattle en route to his home in Connecticut.

METHODISTS TO OPEN MISSION IN HEART OF AFRICA

DALLAS, Tex., May 21.—The general mission board of the Methodist Episcopal church, South, has decided to open a mission in the Congo district of Africa, the first time an African mission has been attempted by the church. It was announced the mission will be in a field never touched by civilization.

Determination to enter the African mission field followed a report by Bishop W. R. Lambuth of a personal investigation of the section. About $21,000 already has been subscribed toward equipping the mission.

Appropriations for various mission fields totaling $374,098 were made by the committee on estimates and passed by the board.

NORTH DAKOTA WOMEN ACHIEVE PASSAGE OF PURE MEAT LAW

GRAND FORKS, N. D., May 21.—Women of North Dakota, who have long been engaged in a successful fight for pure food and proper sanitary conditions, are responsible for a new state law which will be effective July 1, providing that impure meats must be sold in meat markets from separate blocks, and such meat must be labeled as being affected. North Dakota is the first state in the Union to adopt such a measure.

MUST HURRY RAILROAD

TORONTO, May 21.—Orders have been sent to the contractors of the Canadian Northern railway, on the Sudbury to Port Arthur branch of the transcontinental line, that the road must be finished before next winter. This will mean that trains from Toronto to Winnipeg and Edmonton will run over the new road in the spring of next year.

WHITE SLAVE ARREST IS MADE

Moving Picture Magnate In Toils; Warrant Out For Arrest of Sport Promoter

DISTRICT ATTORNEY IS PROBING NEW SCANDAL

Well Known Man Said to Have Escorted Girls to Prize Fight With Lively Night After

LOS ANGELES, May 21.—J. B. Hardigan, a motion picture magnate charged with contributing to the dependency of Christine Neal, aged 16, was arraigned today before Judge Wilbur. His bail bond was placed at $1000 and his preliminary hearing dated for May 24.

Hardigan is connected with the management of the Kalem Moving Picture Company, and Judge Wilbur signed a warrant for his arrest yesterday afternoon. A warrant for the arrest of William Aldrich, sporting Aldrich is said to be in San Francis- promoter of Venice, was also signed. co.

The warrants came as the climax of a two-weeks' investigation by Judge Wilbur into the allegations of Miss Neal, following her arrest as a probation violator upon the testimony of her older brother. Miss Nesbeith, it was stated by the younger girl, had taken her out at night to meet men. They had visited road houses and been given intoxicants to drink.

The names of a dozen men were mentioned by Miss Neal in her story, and all are a matter of record now in the juvenile court. It is not unlikely that before the case is finished fully five more warrants will be issued.

GIRLS DISGUSED AS BOYS ATTEND PRIZE FIGHT IN LOS ANGELES

LOS ANGELES, May 21.—The district attorney's office is working today on reports that several girls disguised as boys attended last night's Anderson-Mandot fight at Vernon, later going to the Vernon Country Club for a lively night. The office refused to divulge the names of the girls or the men they accompanied, although it is reported that several well known men took girls to the ring-side.

RUMOR THAT DRAG-NET HAS CLOSED ON REPUTABLE FOLK

LOS ANGELES, May 21.—The grand jury resumed its sessions today. Several new witnesses, including several girls, are waiting. The court attaches refused to state if they were called in connection with the white slavery probe or not. It is rumored several additional subpoenas for white slave witnesses, involving supposedly reputable persons, have been issued.

LOS ANGELES WILL SURPRISE WITH INDUSTRIAL PARADE

LOS ANGELES, May 21.—That Los Angeles will take a place her people have not dreamed she holds after the great industrial parade in honor of the completion of the aqueduct, is the assertion of the men in charge of the arrangements for the celebration, which will be held June 19 and 20. The entries for this big parade, which will be held June 20, are coming in so rapidly and from such a variety of manufacturing and industrial concerns that even the men in charge are astonished.

COST GIRL $58 TO HAVE PHONE TALK WITH SWEETHEART

BETHLEHEM, Pa., May 21.—Mary Smak, a pretty Hungarian domestic, not knowing what the rules or regulations of the telephone company were, decided to call her sweetheart on the telephone at Cleveland. She went into the booth in Gottlieb Huebner's candy store yesterday and called the operator and after a short delay was connected with Cleveland. Fifty-eight minutes she remained there. After she was through Mr. Huebner went into the telephone office to get the amount of the toll and to his consternation he was told that the bill was $58. He informed the pretty girl, who fainted. She earns only $2.50 a week and Huebner will have to foot the bill and trust to her paying him in dribbles.

NICARAGUA TO TAKE RAILROAD

SAN JUAN DEL SUR, Nicaragua, May 21.—The Nicaraguan government, it is reported, will take over at an early date, the National railroad, which was transferred to a group of American bankers last year to guarantee a loan. The government has paid off most of the loan and owes the bankers only $142,000.

BOARD OF SUPERVISORS

INSTRUCTED TO SUE SURETY COMPANY

District Attorney to Begin Action to Recover Extra Cost In Building Bridge

BIDS ARE RECEIVED FOR ROAD MATERIAL

Action to Be Taken Next Monday After Commission Makes Recommendations

Yesterday afternoon the Board of Supervisors instructed District Attorney West to begin suit against the Guardian Casualty & Guaranty Co. of Salt Lake City to recover $11,635.28 that was expended in the construction of the West Fifth street bridge in excess of the contract price set in the original contract let to R. L. Hogue.

The casualty company went on Hogue's bond. Hogue failed to build the bridge, and the county took the work up with the Young Construction Co. doing the work on an agreed basis. Hogue's contract price was about $18,000. The actual cost of building the bridge ran $11,635.28. The surety company was on a $4590 bond, required of and given by Hogue. The instructions given the district attorney are to sue for the full amount, $11,635.28, and more particularly for $4590, the amount named in the bond. Evidently it will be up to the courts to decide whether or not the surety company can be held for more than the bond. Williams & Rutan will appear with the district attorney in the suit.

Bids Are Received

The supervisors received bids for commodities and machinery to be used in county highway work as follows:

Machinery—Austin Machinery Co., (a) $5866.60, (b) $8033.80, (c) $7103.-.0; J. R. McKnight, $5650; Long Beach Construction Company, of which J. S. Fluor of this city is president, $10,850.

Bins—H. Shipkey, $1680, foundation $4.95 per cubic yard; Long Beach Construction Company $1690, foundation $6.50 per cubic yard.

Cement—Colton Cement Company, $1.50 per barrel.

These bids will be passed on on Friday by the County Highway Commission and its recommendation given the supervisors, who will let the contract next Monday.

Ashley Appointed

On the motion of Supervisor Schumacher, A. M. Ashley was appointed justice of the peace of Placentia township to take the place of T. M. Frasier, resigned.

Named Viewers

The supervisors appointed County Surveyor McBride, C. L. Hallett and Perry Lewis as viewers of a road petitioned for by D. E. Huff and others in the Tustin road district.

Permits were granted H. E. Dungan of Garden Grove and J. Nusbaumer of Newport road to lay pipelines across county roads.

WEST FIFTH STREET BRIDGE APPROACHES

The Why and Wherefore of Long Delay in Building Them

Why in the—well, why, oh why, don't the supervisors build the approaches to that $18,000—or is it $28,000?—Fifth street bridge?

Over and over again this question has been asked.

Here's the answer.

The money to pay for these approaches is not available from the funds of the road district in which the bridge is situated, nor can it be borrowed from the general fund or other district funds. At least the supervisors deem it inadvisable to make any transfer of funds that would meet the requirements of the case.

So they have passed it up to the County Highway Commission—that is, they are leaving the approaches to be built at the time the extension of West Fifth street is improved with highway bonds money.

Presumably, the Highway Commissioners have agreed to this method of handling the matter.

STILL PROBE SALE OF MARTIN BIPLANE

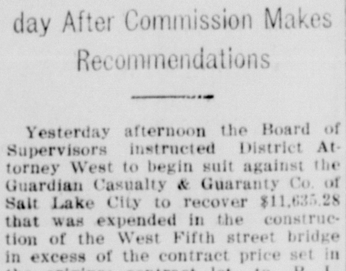

Los Angeles Times: Inquiry into the sale of the missing eighty-horsepower aeroplane by Glenn L. Martin to parties supposed to represent the constitutionalist party in Mexico was not resumed by the federal grand jury yesterday. For some reason the body was dismissed until Friday afternoon. Van M. Griffith, who acted as Martin's agent in the sale of the aeroplane, was present to add to his testimony, but he was dismissed until Friday, when he will be joined by Martin, who has not yet been heard.

Assistant United States District Attorney Robinson, who has charge of the inquiry, returned yesterday from San Diego, where he investigated information furnished him. He declares nothing was accomplished.

Robinson, asked what information he had from Tucson on the sudden disappearance of the machine, declared he knew nothing.

It is the concensus of opinion that the aeroplane is in Mexico, and the efforts of the federal officers here will be bent toward securing indictments against persons connected with the sale of the machine in Los Angeles. The grand jury is expected to report within ten days.

FAMOUS CASE IS FOUGHT OVER TODAY

Helen Doyle, Heroine of Whitla Kidnapping Case, Seeking Release From Prison

HARRISBURG, Pa., May 21.—The "Billy" Whitla kidnapping case, which mystified the police of the country about four years ago, and which resulted in legislation making the offense a crime punishable by life sentence in several states, was fought over again here today when lawyers for Helen Boyle argued before the Pennsylvania state pardon board in behalf of leniency for their client. Helen Boyle is serving a twenty-five year sentence in the Western Pennsylvania penitentiary for her part in the sensational kidnapping case. Her husband, James Boyle, is serving a life sentence.

Attorney Fred E. Reese today presented evidence tending to show that Helen Boyle's "record" which counted heavily with the court in considering her sentence, was a complete "frame-up." The Boyles were convicted after a record trial after the Whitla boy was found in Cleveland in Mrs. Boyle's keeping. The Boyles had demanded a heavy ransom for the little fellow.

At the time of the trial, Gilbert B. Perkins, head of the Perkins Detective Agency, who had led in the search for the boy, furnished practically all the evidence for the prosecution. Among other things Perkins brought to light an alleged five-year police record against Helen Boyle. She denied the record as a frame-up and during one session of the trial dramatically denounced Perkins, telling him, despite efforts of court officials to quiet her, that he would live to come before a judge as a defendant begging for mercy. Perkins is now serving a term in the Leavenworth penitentiary.

Attorney Reese today declared he has evidence which will absolutely prove that the alleged police record was without foundation. He presented to the pardon board affidavits from Helen Boyle's parents and friends in Chicago in which it was declared that during the five years the police record covered, the woman had been at the home of her parents, Mr. and Mrs. William McDermott, and that she had not left her Chicago home until thirteen months before the kidnapping of Billy Whitla.

A plea was also made by Attorney Reese today to the effect that the twenty-five year sentence was grossly unjust and that the woman has been sufficiently punished for her part in the kidnapping. Other arguments made by Reese today were to the effect that Helen Boyle knew nothing of the kidnapping until the child was taken to her in Cleveland by her husband.

WILSON TO NAME A. A. CAMINETTI FOR HIGH PLACE

WASHINGTON, May 21.—Following rumors last night, a semi-official announcement was made today of the selection of State Senator Caminetti of California as general commissioner of immigration. At the White House it was admitted that Caminetti's appointment is probable, though no definite announcement has been made.

Caminetti Slated for Good Office

WASHINGTON, May 21.—It was announced semi-officially late yesterday that Louis F. Post of Chicago had been selected as assistant secretary of the Department of Labor; Anthony A. Caminetti of California for commissioner general of immigration, and John B. Densmore of Polson, Mont., for solicitor of the Department of Labor.

Louis Freeland Post is an editor, an author, lawyer and lecturer, who has attained prominence by his discussions of economic questions, particularly single tax. He was born in New Jersey 64 years ago and for thirty years has been an advocate of the single tax and other economic reforms promoted by Henry George.

Anthony Caminetti, who will succeed Daniel J. Keefe of Detroit, Mich., as commissioner general of immigration, is of Italian descent and has long lived in Jackson, Cal. For many years he has been prominent in state politics and now is a Democratic member of the California Senate. He served one term in Congress. He is a student of sociological problems and has devoted much time to a special study of immigration.

John B. Densmore, selected for solicitor of the new department, has won distinction in the practice of law, although he is comparatively young. He is a Democrat.

CALIFORNIA ATHLETES TO COMPETE IN BOSTON

SAN FRANCISCO, May 21.—Eleven athletes, representing the University of California, will leave here on May 21 for Boston, where they will compete in the annual track and field meet of the Inter-collegiate Association of Amateur Athletes of America. The men chosen are Harry Wood, F. Wood, Earl Chabb, J. Clark, J. Todd, Carl Shattuck, E. Beeson, A. Coolidge, F. Allen, A. McFlo and E. S. Stanton. Shattuck is the hammer thrower who has beaten the intercollegiate record. Beeson has a mark of 6 feet 5⅝ inches in the high jump, and Allen is noted as a broad jumper.

FLAG DAY, JUNE 14, SOON TO BE HERE

Will Be 136th Anniversary of Adoption of Stars and Stripes as Flag of United States

Flag Day, Saturday, June 14, will be the 136th anniversary of the adoption of the stars and stripes, as the flag of our country. The public recognition of Flag Day as a national anniversary, is each year becoming more and more general, and citizens are uniting in co-operation to secure the widest possible observance this year.

The governors of many of the states have in the past, by their proclamations, called public attention to the day and ordered the flag to be displayed on all state buildings, and invited their fellow citizens to celebrate the day.

Mayors of cities, for recognition of this anniversary, have in the past also ordered flags to be displayed upon the municipal buildings of their respective cities, and by formal proc...mation or otherwise, invited their fellow citizens to do the same upon their private buildings. Patriotic societies, schools and press have united in bringing the observance of Flag Day into popularity. It is believed the custom of honoring the flag by flinging it wide over the entire country will be more than ever general this year.

Adoption of Stars and Stripes

On the 14th day of June, 1777, Congress enacted: "That the Flag of the thirteen United States be thirteen stripes, alternate red and white; that the Union be thirteen stars, white in a blue field, representing a new constellation." The number of stripes having been increased by the admission of new states the possibilities of the nation's future development dawned upon our fathers, the original thirteen stripes were unchangeably restored by act of Congress on April 4, 1818, when it was enacted: "That from and after the fourth day of July next, the flag of the United States be thirteen horizontal stripes, alternate red and white; that the Union be twenty stars, white, in a blue field, and that on the admission of a new state into the Union, one star be added to the Union of the flag and such addition take effect on July Fourth next succeeding such admission."

THE HAGUE TO GIVE GRAND WELCOME TO COUNCIL OF WOMEN

THE HAGUE, Holland, May 21.—How the world's attitude toward women is changing can be seen by the official reception to be accorded the International Council of Women in Holland. The municipality of The Hague will give a grand reception in their honor, at which the guests will be welcomed by the burgomaster. It will be attended by the prime minister and by a court dignity delegated by the queen mother to represent her.

RESOLUTION NO. 558.

A Resolution of Intention of the Board of Trustees of the City of Santa Ana, to Pave East First Street With Cement Concrete Base and Asphalt Concrete Wearing Surface, and Cement Curbs on Both Sides Thereof, Between the East Line of Main Street and the West Rail of the Atchison, Topeka and Santa Fe Railroad.

Resolved, that it is the intention of the Board of Trustees of the City of Santa Ana, to order the following street work to be done, to-wit:

That East First Street in said City from the East line of Main Street to the West rail of the Atchison, Topeka and Santa Fe Railroad, be paved to the official grade with a pavement to consist of a cement concrete base 4 inches thick and a wearing surface of asphalt concrete 1 inch thick, according to the plans and specifications for said work on said East First Street, adopted by the Board of Trustees of the City of Santa Ana, on the 5th day of May, 1913.

That East First Street in said City from the East line of Main Street to the West rail of the Atchison, Topeka and Santa Fe Railroad, be curbed on both sides thereof to the official grade with a cement curb made and constructed according to the specifications for cement curbs specified in Ordinance No. 483 of the City of Santa Ana, entitled: "An Ordinance adopting specifications for the construction of cement sidewalks and cement curbs in the City of Santa Ana" and adopted by said Board of Trustees on the 5th day of May, 1913, as the specifications for said curbs on said East First Street.

Excepting however, from all of the afore described work, such portions as are required by law to be kept in order or repair by any person or company having railroad tracks thereon;

Also excepting from all of the afore described work such portion as is already done to the official grade.

All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California, entitled: "An Act to provide for work upon streets, lanes, alleys, courth, places and sidewalks, and for the construction of sewers within municipalities," approved March 19, 1885, and the several acts amendatory thereof or supplementary thereto; also in accordance with the plans and specifications made therefor by the City Engineer of said City of Santa Ana, and adopted by the Board of Trusteeh of said City on the 5th day of May, 1913, including said Ordinance No. 483.

"The Santa Ana Daily Evening Register" is hereby designated as the daily newspaper published and circulated in said City, in which this Resolution of Intention and the Street Superintendent's Notice of the passage thereof shall be published.

The City Clerk is hereby directed to publish this Resolution by two (2) successive insertions in said newspaper, and to post the same for two (2) days conspicuously on or near the Chamber Door of the Board of Trustees.

The Superintendent of Streets is hereby directed to post and publish "Notices of Street Work" as required by law.

All Resolutions or proceedings heretofore had for paving or curbing said street are hereby repealed.

The above Resolution was passed and adopted this 19th day of May, 1913, by the following vote, to-wit:

Ayes, Trustees Grubb, Greenleaf and Ey.
Noes, Trustee Alderman.
Declines to vote, Trustee McPhee.

FRANK EY,
President of the Board of Trustees of the City of Santa Ana, California.

Approved this 19th day of May, 1913.

FRANK EY,
President of the Board of Trustees of the City of Santa Ana, California.

ATTEST: I hereby certify that the foregoing Resolution was passed and adopted by the Board of Trustees of the City of Santa Ana, and signed and approved by its President at its meeting held on the 19th day of May, 1913.

(Seal) J. C. BURKE,
City Clerk and ex-Officio Clerk of the Board of Trustees of the City of Santa Ana, California.

TO GRADUATE AT STANFORD

Orange Will Have Three Students Join the University's Alumni This Week

ORANGE, May 21.—George Holditch, Miss Sydine Gardner and Revoe C. Briggs, all graduates of the Orange Union High School, will receive their degrees from Stanford University this week.

E. J. Cummings, who was a teacher in the O.U.H.S., was calling on old friends here this week.

Mrs. Ed. Dierker of 310 West Palmyra avenue, was pleasantly surprised Monday afternoon by a number of her friends. The time was spent with fancy work, and light refreshments were served. Those present were: Mrs. Max Struck, Mrs. W. Precat, Mrs. H. Bandick, Mrs. J. Borchard, Mrs. H. Wyneken, Mrs. Ben Dierker, Mrs. H. Kogler, Mrs. W. Kogler, Mrs. George Dierker, Mrs. J. Kogler, Mrs. Herman Struck, Mrs. J. Wilke and Mrs. Ed. Dierker.

The Misses Spotts and Graham entertained the D. A. Class of the Methodist Sunday school last evening in a very pleasing manner at the home of Miss Spotts, West Chapman avenue. Progressive games were played and delicious refreshments of pineapple ice, cake and cocoa were served to conclude the evening.

Miss Agnes C. Ralph, teacher of science in the Orange Union High school, has been elected to membership in the Phi Beta Kappa Society by her Alma Mater, the University of Wisconsin. Two other members of the faculty have been honored since their graduation, Miss Mary Plant by the University of Michigan and Miss Susan G. Stokes, now of Alhambra, by Stanford University.

The sewing circle will meet this evening at the home of Miss Helen Miller.

SET HEARINGS OF PROTESTS

Kicks Against Quality of Pavement to Be Heard Publicly Tomorrow Night

Orange News.—With Trustee C. C. Stoner the only absentee, the city board met last evening and considered paving protests of two different natures and localities. The one was that of W. H. H. Clayton, who doubts the quality of the paving work on North Glassell and the other was the protesting petition from property owners on South Glassell street in regard to the laying of pavement between Palmyra and La Veta avenues, without going to the city limits. Both protests were postponed to another date.

The South Glassell street petition was first taken up. It was supported in person by several of the signers. After some consideration, action was deferred and a hearing set for June 9th.

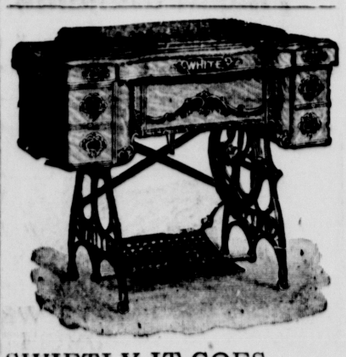

The postponement of the South Glassell street hearing to June 9th was compelled by the law regulating such matters, under which no action can be taken on a pprotest against improvements until fifteen days after notice of first proceedings toward such improvements. Neither can any such protest be considered except at a regular meeting. The regular meeting at which the South Glassell protest was presented was on May 12th, while the fifteen day limit did not expire until May 15th. Consequently no hearing could be given it until the next regular meeting, which is June 9th.

The board turned next to the Clayton protest. In view of the fact that the city has received a similar protest from Mrs. W. H. H. Clayton, acting as agent for the J. C. Travis property on North Glassell street which will be given a hearing next Thursday at 7:30 p. m., the hearing of Mr. Clayton's protest was postponed until the same evening, when they will be heard together.

Wading through a demand upon the treasury by G. M. Bay for a freight bill of $37.08, which was allowed; a request for permission to lay sewer from the corner of South Glassell street and La Veta avenue to the end of the line south, which was granted to Pernel Barnett, as he had secured the signatures of all property owners concerned; and an agreement between the city of Orange and the Pacific Telephone Co. releasing the latter from all liability for damage or accident resulting from the use of the roposed fire alarm system, which agreement was filed, the trustees arrived at the first reading of the proposed license ordinance. This was gone through with, touching on the most vital parts and was then passed to a second reading on motion of Richards, seconded by Hagen.

When President Dittmer asked if there was any who desired to address the board, H. E. Gardner, who had come in late, asked if action had been taken on the South Glassell street paving project. He was informed of the postponement and then made no formal request stating informally that he understood that the petition had been circulated with the intention of having pavement to the city limits or else leave it where it is—at Palmyra. He wished to make clear that he was not opposed to paving, but that he advocated a less expensive plan, generally adopted in circumstances, which in his opinion, applied to the present project. His idea was a 20-foot roadway of petrolithic pavement, with the remaining width along each curb merely oiled, to extend from La Veta to the city limits. He also advocated this as a good plan to be followed in every instance where pavement was being put down in the outskirts or near-ranching districts, hoping, he stated, that under that plan the paving would be steadily extended in all directions also using the plan of district taxation for such improvement.

After hearing Mr. Gardner, the board set its next meeting for Thursday, May 22, and adjourned.

Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder:

100 Per Cent. Digested

Bread made with phosphate powder:

68¼ Per Cent. Digested

Bread made with alum powder:

67¾ Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

Endeavorers of County To Hold Rally Friday

The Orange County Christian Endeavor Union will conduct a rally at Fullerton Friday evening, May 23, at 8 p.m. in the Christian church. W. H. Thomas of Santa Ana, an Endeavor worker, will conduct the song service. Herbert P. Rankin of Santa Ana, treasurer of the state union, will make a short address, and John Makins, superintendent of the Sailors' Rest at San Pedro, will deliver an illustrated lecture on "Floating Work," the home mission work done among sailors by Endeavorers. Mr. Makins has seen service in the Christian Endeavor Sailors' Rest in Nagasaki, Japan, in the Philippines and other places and his lecture is worth going miles to hear. Everyone is welcome to the rally.

Preceding the rally at 6:15 p.m. the Fullerton societies will give a banquet in honor of the executive committee of the union, which is composed of county officers, pastors, presidents and superintendents. After the banquet a short business session will be held, President Howard E. Gates, presiding.

County C. E. Picnic

Christian Eideavorers of Orange county to the number of 300 were in attendance upon the picnic of the County Christian Endeavor Union held at the County Park in Santiago Canyon last Saturday. All sections of the county were represented and auto, buggy and wagon loads of picnickers traversed the road to the park on that day.

An impromptu track meet was held in the morning at 11 o'clock. Dashes for boys and girls, three legged, sack and other novelty races were conducted. The meet was won by Santa Ana, with Anaheim second.

At noon a bountiful basket lunch was enjoyed. No one suffered from hunger, although several were observed to be in the condition of a certain small boy. This lad's waistline was expanded above normal. Upon being asked why he was so said, he replied: "They told me to eat all I wanted, but I can't."

After lunch all joined in singing songs and practicing yells which have been written for use by Orange county delegates during the international convention in Los Angeles in July. At the conclusion of the singing, a huge display banner, six by eight feet, was unfurled for the first time amid cheers of the admiring crowd. The banner was in the shape of an orange, with background of dark blue, orange and leaves being in natural colors, with Orange County, California C. E. being emblazoned upon the orange. This banner was also made for use at the Los Angeles convention.

During the afternoon a number of games of indoor baseball were played under the trees, and other games were indulged in. The day was very enjoyably spent by all and every one went home happy, declaring the gathering a success and expressing an opinion that the affair should be made an annual one for the county.

ILLINOIS SENATE COMMITTEE FINDS O'HARA GUILTLESS

SPRINGFIELD, Ill., May 21.—Lieutenant Governor Barratt O'Hara was today officially cleared of all suspicion of immorality, as charged in a affidavit recently made by Mrs. Maud Robinson. The clearance came through the report of the Senate committee that investigated the woman's allegations.

Samuel Davis, a Springfield merchant, who is alleged to have secured the woman's affidavit for revenge against O'Hara for starting the white slavery starvation-wage investigation, was roundly censured by the legislative report.

AVIATION FIELD GRANDSTAND TO BE SOLD IN SANTA ANA

Santa Ana has gained considerable fame among people interested in aeronautics by reason of the fact that Glenn Martin got his start here, but nobody ever dreamed that Santa Ana would ever have the Dominguez field grandstand and hangars.

But Santa Ana is going to have them—or rather a Santa Ana man already owns them and is going to bring them to Santa Ana.

There is no excuse for a rise in aviation fever over this announcement. It is not as exciting as might seem on this casual statement. Santa Ana is not going to have a monster aviation field with a monster grandstand, not right away at any rate.

C. Y. Martin, who runs a wrecking yard in Santa Ana, has bought the Dobinguez aviation field structures He will tear them down and bring the lumber to Santa Ana for sale in his yards here. The purchaser is the father of Glenn Martin, the aviator, whose first appearance in his home-made biplane ouside of Santa Ana was before the thousands of people who gathered on the grandstands at the second Dominguez meet. The wrecking yard proprietor went to Dominguez today to begin the work of tearing down the grandstand and buildings.

AMES, Ia., May 21.—Although Stanley Macomber, son of C. E. Macomber of Ida Grove, Ia., was graduated as a civil engineer at Iowa State College only a little more than four years ago, he is in charge of public work amounting to $1,500,000 as city engineer of Centralio, Wash.

POLITICS IN HIGH SCHOOL

The Students Have Three Platforms, and Three Sets of Candidates

The members of the student body of the Santa Ana High School held one of the most enthusiastic assemblies this morning that has been held this year.

As the time for the student body election is drawing near the business of this assembly was to have the nominees for the offices voted upon. After the regular business had passed President Smith called for the platforms of the different parties and here is where the enthusiasm started. There are three parties in the running and each of the managers stated the platforms and read a list of the nominees. Beside the Good Government party and the Students' Party there was the Independent Party. Before Party Manager Smith read the Independent Party platform he gave the following address:

"It has come to the time when this high school demands and has to have, real men and women backing it, that is men and women who stand for something, possess plenty of pep, spirit, grit, and enthusiasm, men and women who will get out and work for the interest of this school, of the student body and make things go. Now taking in consideration the fact that next year we will occupy one of the finest and greatest schools of Southern California we have been exceedingly careful to pick just the right men and women for the right office, that is putting each man and woman in the office that is most fitted for him or her, consequently instead of each person working for him or herself we will have a machine combined of the best spirited, enthusiastic, and livest material that can be found in the student body.

"We believe that the following platform carried out by our able nominees will form one of the greatest high school spirit and enthusiasm producers that Santa Ana high has ever had and that is what the student body wants."

The Independent platform is as follows:

"1. To create a student body that will possess plenty of enthusiasm and show it.

"2. To give every student an equal and fair deal.

"3. To promote strong and clean athletes.

"4. To stand back of and push everything that the student body wants.

"5. To actually give a grand event every year, that is the Freshman bonfire."

JUST DIFFERENT

Comment in Japan from more responsible sources on the issue now acute between the two halves of the world is becoming more conservative but more comprehensive. Japanese publicists are declaring that the time has come when the relations between the white races and the other races of human beings must finally be fixed. The Japanese feel that upon themselves is the responsibility of removing the white man's misconception of the inferiority of the colored races by developing in Japan a civilization equal to that of the most advanced white nations.

If this were the whole problem, Japan might fairly claim to have solved it already. If Japan has not yet distributed to all of its people quite the full standards of Western civilization, it has at least made a more remarkable advance toward doing so than any white race ever made in an equal time. Japan has demonstrated also that with equal opportunities individual Japanese are fully the equals of individual white men. As between the white race and the Japanese race, the question of superiority or inferiority has already been settled, and is settled on the side of equality.

What the Japanese refuse to recognize is that this racial equality makes the race question more and not less difficult. Between the white race and inferior colored races, the race problem can be solved by the establishment of a caste system, and the compulsory regulation of the colored men to an inferior status. This may not be pleasant or always just to the inferior race, but it is at least satisfactory to the white race, and hitherto the colored races subjected to it has had no choice but to die or submit.

With an equal race, neither of these solutions is possible. The race line must either be treated as not existing, which means that in a few generations both races will themselves cease to exist, or else it must be maintained by the recognition on both sides of the race line of the fact that the races have their separate destinies and must be kept physically apart. Japan resents this determination and regards it as a stigma of inferiority. The white man does not so regard it, and the fact that the Japanese do is accounted for probably in part by the over-sensitiveness of a race newly arrived on the plane of equality. It is the parvenu who is most sensitive to the recognition of his social status. After the Japanese have had a few more generations of racial equality, they will no longer be so inclined to regard racial separateness as a stigma of racial inferiority.—Fresno Republican.

DIDN'T HAPPEN

The Sacramento Union has discovered three new indictments against the state administration. One is the persecution of Secretary Jordan for practices which have been general in other offices. The second is the reduction of the functions and importance of State Superintendent Hyatt's office. The third is the provision that all state employes who have been in the service more than a year shall under the new civil service law "hold their places in that service ad infinitum."

There are several difficulties in this charge, not the least of which is that none of these things ever happened. The practices of which Secretary Jordan has been found guilty were not prevalent in other offices, and the only reason for the general impression that they were so, is that when all the witnesses but one testified that such things had not been done, the Union sent out the report that they had testified to exactly the contrary effect. As to Superintendent Hyatt, nothing has been done to him except to reorganize the state board of education and the general educational administration of the state in exact accordance with the recommendations of the organized educational bodies of the state. As to the civil service bill, there is no such provision. It is indeed provided, as has been provided in the case of all such bills ever enacted, that officials now in office shall not be compelled to apply for those positions now as if they were out of office. The bill, however, makes it exceedingly easy to remove these officials if found unsatisfactory. The only restriction is that when removed their successors shall be appointed under civil service rules. If the appointing officer cannot determine the successor, he is not likely to care to remove the incumbent unless the service is unsatisfactory.

This is the whole story! The things charged did not happen except in the Union's imagination. There are various other errors in the Union's charge, but it seems superfluous to argue them further.—Fresno Republican.

T.R. Plans Trip To Arizona to Hunt Lost Tribe

NEW YORK, May 21.—Colonel Roosevelt will, it has been learned, leave for Arizona in the near future to head a search for a "lost" tribe of Indians. Plans for the trip are about completed and the Colonel is displaying all the enthusiasm of a boy over the prospect.

It was only when a friend called upon the Sage of Sagamore Hill and endeavored to interest him in direct primaries, referendum and the like, that his decision to "hit the trail" was made known.

Mr. Roosevelt caught up a 72-inch sleeping bag, made for him by a well known sporting goods house, and proceeded to let his caller in on the secret.

He told of his plans to live entirely in the open, to hunt and ride while he was engaged in the more serious work of historical research.

"Nature's Gift from the Sunny South"

DO YOU know the difference between *Cottolene* and lard? *Cottolene* is a vegetable product; lard is an animal product. *Cottolene* is made from purest and choicest cotton oil, a product of Nature.

Lard-cooked foods tend to heat the system unduly, and cause discomfort and indigestion; *Cottolene* makes food rich but never greasy, and food which any stomach can digest with ease.

Cottolene

The better class of housewives often use butter instead of lard for cooking purposes. It's a mighty expensive and needless habit. *Cottolene* is every bit as good as butter for shortening; it is better than butter for frying. And *Cottolene* costs much less than butter.

Cottolene will not burn nearly as easily as butter or lard, and with its use the strong, irritating and indigestible acids found in foods fried in animal fats are avoided.

Two-thirds of a pound of *Cottolene* will go as far as a full pound of butter or lard.

Just think these facts over and let them sink in. Then order a pail of *Cottolene* of your grocer.

HAD ROUND TABLE

Women's Club Discusses Public Institutional Homes of the Nation

The Women's Club held a most interesting meeting yesterday at the home of the president, Mrs. Anna Gale. Roll call was answered by quotations from famous essayists, Emerson proving the favorite. The regular order of business was followed by the report of the committee on program for the coming year which was previously adopted.

The program for the day was then taken up. "Are Institutional Homes a Credit to the Nation," was the topic for discussion and was conducted as a Round Table, proving one of the most interesting topics discussed by the club during the year. The consensus of opinion as a result of the discussion was that the great need of such institutions is undoubted, and if they could be freed from political control, graft eliminated, and the institutions placed under the right kind of management, the discredit so apparent by revelations in the daily press would disappear; and to this end all philanthropic influence should be directed.

The women responded enthusiastically to the discussion of this important question, which involves the comfort and well-being of so large a class of unfortunate people of various conditions. The discussion all along the line was calm and sensible, showing that the day of emotional and unprepared discussion of public events has long been passed by the really earnest clubs. It was gratifying yesterday to those who have watched the progress of the women's club to see the practical way in which the women handled a practical question.

Domestic Science Feast

The girls of the first and second periods yesterday afternoon gave a sumptuous and wholesome return feast to the girls of the fifth and sixth periods in the dining room of the domestic science department. Some time ago the members of the fifth and sixth period classes gave a spread for the morning classes, and as girls say, the return feast was perfectly delicious.

Their Wedding Anniversary

Judge and Mrs. Z. B. West very happily and simply observed their thirty-eighth wedding anniversary yesterday and also the birthday of their son, Bertrand. An evening dinner at which were present the members of their own family with Dr. J. Whitcomb Brougher as an honored guest, was the special event of the pleasant day. All who know the Wests and who admire their delightful home life will unite in wishes for "many happy returns" of the day, both to parents and son.

Home From Stanford

Mrs. W. K. Robinson and Miss Irene Robinson returned to Southern California yesterday from Palo Alto, where Miss Irene recently graduated from Stanford, Mrs. Robinson attending commencement week. She came on to Santa Ana yesterday, Miss Irene stopping in Los Angeles for a day's visit with U.S.C. friends. Irene joined her mother here today and they were taken by automobile to their Trabuco Canyon home by Mrs. and Mrs. L. P. Henrickson.

The latter went to Trabuco especially to bring Miss Althea Henrickson home from a month's stay at the Robinson ranch, where she has been recuperating.

Whist Evening

The Tuesday Evening Whist Club was pleasantly entertained last night by Mr. and Mrs. William Malone at their home, 730 South Broadway.

Pink Maman Cochet roses were used to adorn the rooms and the dainty Cecil Bruners in small baskets were employed on the small tables where the whist games were played and refreshments served later.

Mrs. Mark Lacy was awarded a pretty silk corsage rose for high score, and W. H. Spurgeon took men's prize, a silk tie. Those playing, besides the host and hostess were Mr. and Mrs. W. H. Spurgeon, Mr. and Mrs. John McFadden, Mr. and Mrs. Will McFadden, Howard Turner, Mr. and Mrs. Mark Lacy, Mr. and Mrs J. H. Hill.

A Husband and Wife Who Took a Partnership Vacation

In the June Woman's Home Companion appears a page entitled "How to Take Your Vacation." It is made up of suggestions sent in by contributors. Following is one woman's account of how she and her husband arranged their vacation:

"The one thing that stood in the way of our taking an annual vacation was the children. We settled the matter in this wise: My husband secured a leave of absence for two weeks. The first week I went to the country while he stayed at home and kept house and took care of the children. Then I came home and he spent the other week on a fishing trip.

"You see, we're real partners; although, to tell the truth, I believe he got the best of the arrangement, for if a vacation means a change of occupation his first week's charge must have counted in on that score. At any rate it enlightened him as to the necessity of my vacation!"

SUNSHINE DAY

Women of Santa Ana Sunshine Society Were Hostesses to Friendly Company

The attractive parlors of the Armory were cheerily decorated yesterday with lovely, fragrant carnations in honor of the friends invited to an all-day meeting of the Santa Ana chapter of the International Sunshine Society. The object of the day-long meeting was to explain the benevolent purposes of the society and to interest their friends in the philanthropic aim of putting sunshine into the lives of others, particularly for those who encounter the "seamy side of life. The Sunshine ladies were also intent on extending their hospitality to their friends, and right well did they succeed.

An appetizing, daintily prepared and well served luncheon was spread at noon for the members and their sixty guests. C. S. Shaw of the Santa Ana Evening Blade, was the guest of honor at the luncheon, and Mrs. George Magill acted as hostess for the society. Roses and geraniums were used in table decorations.

An interesting program followed the luncheon, the company adjourning to the parlors to listen to the various numbers. These included a humorous reading by Mrs. N. G. McTaggart, her reading being so highly appreciated that an encore was demanded and given; vocal solo by Miss Tilotson with Miss Brace accompanying; and the reading by Miss Goldsworthy of poems from Joaquin Miller, the Poet of the Sierras. A guessing contest and a delightful social hour followed the program, closing one of the most noteworthy affairs in the history of the local Sunshine Society, and one which those fortunate enough to be guests will hope for a repetition of.

Walker-Crane

A very quiet wedding was solemnized at the Santa Ana home of Dr. and Mrs. Orr Crane, on Tuesday, May 20, at 10 a. m. when their only daughter, Hilda, became the bride of Mr. Norman Walker, both of this city. Only the immediate friends were present. The young couple was attended by Rodney and Grace Harding, close friends of both bride and groom. The ceremony was performed by Rev. Mr. Shannon, of Tustin. The house was prettily decorated with Maman Cochet roses and ferns.

Following the ceremony a wedding breakfast was served and immediately they left by auto for Long Beach, after which they will visit Catalina Island and other places of interest. They will be at home to their friends at 825 East Third street, after June 15th.

The bride was attractively gowned in embroidered white silk voile for the wedding ceremony, carrying a bouquet of white roses and maiden hair ferns. Her costume for traveling was of tan, all the accessories matching.

LUNCHEON AT BALBOA

Mrs. R. E. Dickinson Was Hostess at Pleasant Affair Given For Past Matrons

One of the most delightful events in the history of the Past Matrons Association O. E. S. of Santa Ana was the entertainment offered the ladies of that organization by Mrs. R. E. Dickinson. Mrs. Dickinson has been at Balboa Beach for some time past and her invitations asked the Past Matrons to be her guests at a noon luncheon at Balboa yesterday.

The ladies left Santa Ana on the 10:10 Newport Beach car yesterday forenoon, reaching Balboa just in comfortable time for the pretty luncheon. The dining room was gay with the pretty yellow flowers that grow in the sands of the beach, and was lighted with Japanese lanterns, daylight being excluded. Pretty Japanese lunch cloths were used on the tables on which the dainty three course luncheon was served by the hostess, assisted by Mrs. A. A. Avery and Mrs. Leo Goepper.

Following the luncheon, the Matrons held a brief business meeting, then devoted the rest of the afternoon to sight seeing along the sand-spit. They were greatly interested in observing the march of progress as shown in the many new cottages and business buildings being erected along the beach. The beauties of the sea and the sky and the picturesque headlands over the bay and the coast line farther below lent romantic interest to the afternoon. Loath to leave the seaside and their hostess, the ladies traveled homeward on a late afternoon car, thoroughly delighted with the pleasant outing.

The ladies of the Past Matrons Association are: Mesdames George Balderston, W. D. Barker, Maud Bowes, D. W. Crawford, Evans, J. R. Medlock, F. L. Norton, U. D. Palmer, W. O. Peck, H. H. Reeves, Max Reinhaus, O. M. Robbins, Abe Roberts, C. E. Ruddock, W. H. Thomas, Tolle, Frank True, Alice Tubbs, Theo. Winbigler, Mrs. P. L. Tople, present Matron of Hermosa Chapter, O. E. S., Mrs. Dave Stewart and Mrs. Thos. Hammond were other invited guests.

Personals

Mrs. I. D. Mills and Mrs. Theo. Winbigler went to the City of the Angels this morning.

Mrs. B. Uttley has gone to Newport Beach to remain until Friday. She went down to the seaside last night.

Mr. and Mrs. Terry Stephenson returned last night from their trip to Yosemite Valley with the Southern California Editorial Association. Mrs. Stephenson and her little son, Teddy, were visiting at Kerman prior to Mrs. Stephenson joining her husband for the Yosemite trip. Teddy was picked up on the return trip from the Yosemite and came home with his parents.

C. D. Overshiner, editor of the Santa Ana Bulletin, has returned from Yosemite Valley, which he visited in company with the newspaper scribes of Southern California.

Mrs. Frank Preston and little daughter Marian are in from Imperial spending this week with Mrs. Preston's parents, Mr. and Mrs. E. B. Smith.

Miss Elizabeth Perkins left today for San Diego, where she will make a ten days' visit with her aunt living in that city.

Tour on Motorcycles

Warren Perkins and Harvey Strobridge of Berkeley went through Santa Ana today after a visit of a day at the home of Mr. and Mrs. Will Joplin at Newport Beach, with whom the visitors attended the state polytechnic school at San Luis Obispo. Perkins and Strobridge are touring the state on motorcycles.

TO CHECK MILEAGE

OLYMPIA, Wn., May 21.—Hereafter every state official who uses a state mileage book in the discharge of his duties or otherwise must present to the state auditor a statement of his trips, when he started, where he stopped, how long, and all detail of the use of his mileage. This is done to give the state auditor opportunity to check up exactly on the mileage used.

THOUSAND ACRES ARE PLANTED TO BEANS

HUNTINGTON BEACH, May 20.—Another industry has been inaugurated here in the raising of beans. It is not generally known, even here, that 1000 acres within the city limits of Huntington Beach have been planted to Lima beans this season. Nearly all this acreage will be without irrigation, the prevailing fogs being expected to provide sufficient moisture, as is the case in other sections of Southern California.

The Huntington Beach Company is at present busy beautifying the townsite by planting nearly 1000 trees on Ocean avenue, Seventeenth street and Twenty-third street. There will be 500 cypress trees and the rest will be divided between pines and palms. Street crews are busy with the grading and improving of all three streets.

RAILS ARE LAID TO HOLD THE FRANCHISE

ORANGE, May 21.—A gang of P. E. workmen put down some ties and rails on South Lemon street and covered them with dirt. The purpose is to hold the P. E. franchise, which stipulates that construction work shall commence within a certain time. The rails will be allowed to lay in the ground until the P. E. builds its extension into Orange, which may be some time this summer.

G. A. R. VETERANS TO GO TO RENO ON SPECIAL

Los Angeles to Be Represented at Encampment By 150 Men Who Wore the Blue

LOS ANGELES, May 21.—In a special train, 150 G.A.R. veterans will leave Los Angeles June 8, via the Southern Pacific for Reno, Nev., to attend the annual department encampment there.

W. S. Daubenspeck is the veteran in charge of arrangements. The encampment will be held from June 10 to 14 but the veterans will not return directly as their tickets enable them to stay over until the last day of June. F. S. McGinnis, district passenger agent of the Southern Pacific, says that the veterans will be given one of the finest trains in the service.

THREE TEETH KNOCKED OUT

President of School Board Met With Painful Accident in Fall Last Night

While getting out of an automobile last night, W. L. Duggan, president of the Santa Ana Board of Education, fell in such a manner that he went out upon a sidewalk face first. He had three teeth knocked out and his face was severely bruised and lacerated.

Dugan had been at Long Beach with other Santa Ana Masons, attending installation ceremonies at that place. He returned home in Carl Strock's automobile. At the corner of South Main and Pine streets Duggan got out of the automobile to walk over to his home at Sycamore and Pine streets, a block away.

In stepping from the machine in some way Duggan missed his footing, and he fell on to the sidewalk. While his injuries are very painful they are not serious.

RIVERSDE VOTES FOUR TO ONE IN FAVOR OF BONDS

Riverside Enterprise: With 64 per cent of the number of votes cast at the first domestic water bond election on January 14 cast yesterday, Riverside expressed her determination to acquire a municipal water system with the needed extensions by a vote of practically four and one-half to one, the figures being:

In favor of bonds—1893.

Against the bonds—418.

There were cast at the polls yesterday 2311 votes—about one-third of the possible vote of the city, according to the last registration lists. Of the above number the necessary two-thirds majority to float the $1,160,000 bonds for municipalizing the domestic water systems of the city and extending them would be 1541, hence the issue is well endorsed by the people of the city with several hundred votes more than were needed.

MISSION PLAY WILL BE SEEN IN SAN FRANCISCO IN AUGUST

LOS ANGELES, May 21.—Announcement was made yesterday by the directors of the Mission Play Association last night that the Mission Play will be presented in San Francisco for a brief season, beginning probably about the middle of August. This decision was made in response to a number of the pressing offers received from the north.

HOBBLE SKIRTS ARE CREATION OF DEVIL

So Says Dr. Brougher—Bridge Whist and Dancing Rounded up and Trounced in Sermon Last Night

Hobble skirts, card playin g (with special reference to bridge whist), the round dance, cigarette smoking and drinking of intoxicants came in for hard raps in the sermons preached by Dr. Brougher, preacher at the Big Tent union revival meetings yesterday afternoon and last evening.

The hobble skirts came in for mention in the afternoon sermon when Dr. Brougher addressed a great congregation on "The Church With Hobble Skirts." The increasing interest is manifested by the unusually large attendance. The great congregation was not disappointed, for Dr. Brougher handled the subject in a masterful manner, and preached the most characteristic sermon he has delivered thus far. Yesterday's attendance was the largest at any afternoon meeting. The sermon was especially to church members and Christians and was a strong appeal for loyalty and faithfulness on the part of God's people. Among other things he said:

Hobbled

"A person's dress ought to have regard to health, comfort, usefulness and ornamentation. No one should dress so as to injure their health or hinder them from their work. The devil has succeeded in getting men and women to dress in such a way as to destroy their health and their usefulness. He never invented a more useless or unworkable garment for women than the hobble skirt. The other day I saw a woman in a hobble skirt trying to catch a street car and it made me think of the parody on Mary had a little lamb:

"Mary had a little skirt
All hobbled down below;
And everywhere that Mary went
She simply couldn't go."

"The devil has also succeeded in hobbling the Church of Jesus Christ so that it lacks that freedom and power for efficient service the church ought to have.

"It is hobbled by prayerlessness. The church that would have power must know how to pray. Prayer is God's appointed way for getting power. A praying church will be a soul winning church.

"The church is hobbled by lack of harmony. I would rather have a member of my church get drunk than to be a trouble maker. The success of a church depends upon its enthusiastic, united activities. Whenever members of a church all pull together no power on earth can keep it from doing things for God.

"The church is hobbled by a narrow vision. Every Christian ought to be as ambitious as Alexander the Great. No Christian should undertake anything less than the evangelization of the world.

"It is hobbled by selfishness. Too many Christians want to please themselves rather than Jesus Christ. They are not willing to sacrifice their personal liberty or personal pleasure in order to save their fellow men. If the preacher ought to give up card playing, dancing and other worldly amusements in order to keep his influence, then the people of the church ought to be willing to sacrifice these things for the sake of their influence over the young people. A card playing Christian is very seldom an active, earnest church member, and not a soul winner.

"The church is hobbled by a lack of passion for souls. Too few Christians are dead in earnest about saving their fellowmen. Every Christian ought to seek to do his best to win souls for Christ. The Christian who is going to deny himself, take up his cross and follow Christ must have the spirit of absolute obedience.

"If the church of Jesus Christ had lived up to its privileges we would have taken this old world for Christ and hastened His coming long ago. The church has money enough. It has members enough. If the church had the aggressiveness it ought to have there would be no limit to its power."

Mr. Potts sang: "We Have Nothing to Do With Tomorrow." His strong, sweet voice was especially enjoyed in yesterday afternoon's solo.

SOWING WILD OATS

Last night Dr. Brougher preached on the unique topic: "When Reuben Comes to Town." He took for his text the familiar passage in the sixth chapter of Galatians: "Whatsoever a man soweth that shall he also reap." He said:

"We hear a good deal about 'sowing wild oats,' but I have never seen a farmer who was fool enough to sow wild oats on his farm. He may have found them there, but he never went out deliberately and sowed them. It is strange that a young man who knows enough not to sow wild oats on his farm should be fool enough to sow wild oats in his life when he comes to the city. What a man sows, he expects to reap, yet many a young man and young woman, knowing this to be the great law of nature, act as if the law would not operate when applied to their lives. The young man who thinks he can go to Los Angeles and sow wild oats and come back to Santa Ana to escape reaping them will find he is mistaken. He will have to reap the harvest wherever he goes.

"If you sow intoxicating drinks, you must reap a harvest of drunkards, with homes of sorrow, wives in misery, and children in disgrace. Where does the crop of bums and thugs and dissolute characters come from? They are certainly the result of intemperance.

"Sow bridge whist and reap gamblers. I know there are some people who say there is no reason why card playing should lead to gambling. The young man who becomes proficient as a card player at home and at parties, and plays for prizes, and sows the gambling spirit, will be easily enticed to gamble with cards and in other ways. Sow gamblers and you will reap embezzlers. Sow embezzlers and you will reap the penitentiary.

"Sow the round dance, and reap immorality. The round dance is nothing more than hugging set to music. I would not rob young people of any pleasure that is helpful and uplifting, but hundreds of ruined girls have testified that their first step downward was taken at a dance. Sow the dance hall and you will reap degradation and shame. You cannot sow unholy suggestion and unholy desires without reaping a harvest of ruined character and blighted hope.

"Sow the seeds of cigarette smoking and you will reap a harvest of disordered nerves and a useless life.

He who would reap a happy life and noble character and a glorious destiny, must sow the seeds of holy ambition and pure heart and noble purpose.

"He who sows must reap more than he sows. You sow a handful of grain, and you reap a bushel. To my mind this is the most awful part of the law of sowing and reaping. Young men are sowing the seeds of dissipation and reaping the harvest of regrets, not only for themselves, but for their fathers, their mothers and their friends. While God can forgive your sins and wrongdoing, even God himself cannot change the law. Let us sow the seeds of truth and honor, purity and holiness. Then we shall reap a character fitted for harvest of heaven that shall be eternally happy."

Mrs. Norvell of Los Angeles speaks this afternoon and tomorrow. Dr. Leon Tucker of Los Angeles will speak.

Dr. Brougher's subject tonight is "Heads I Win, Tails You Lose."

Mr. George Bemus, a noted baritone of Los Angeles and a member of the Temple Baptist quartet, will sing two of his greatest solos at the big tent meeting tonight.

Mr. Bemus is over six feet tall and has a voice of wonderful power and sweetness.

For years he was a noted concert and opera singer, but he is now in business in Los Angeles and gives his time to singing as one of the pleasures of his life.

VENICE PLANS LOW TRANSPORTATION

May Operate Motor Busses to Angel City at Half of Pacific Electric Railway Rate

VENICE, May 21.—If the plans of the Abbot Kinney Company materialize, there will be a motor bus service between Venice and Los Angeles this summer. It is purposed to charge 25 cents round trip fare via the motor bus line, half of the Pacific Electric's fare. The company expects to maintain a twenty minute service, with motor buesses which will accommodate sixty-five persons.

Best Medicine for Colds

When a druggist recommends a remedy for colds, throat and lung troubles, you can feel sure that he knows what he is talking about. C. Lower, Druggist, of Marion, Ohio, writes of Dr. King's New Discovery: "I know Dr. King's New Discovery is the best throat and lung medicine I sell. It cured my wife of a severe bronchial cold after all other remedies failed." It will do the same for you if you are suffering with a cold or any bronchial, throat or lung cough. Keep a bottle on hand all the time for everyone in the family to use. It is a home doctor. Price 50c and $1.00. Guaranteed by all druggists.—Advertisement.

LOS ANGELES PRODUCE MARKET

Nearly one million boxes of apples have been received in Los Angeles since July 1, 1912. The receipts have surpassed those of any previous year. Prices have been lower, and as a consequence consumption has been far greater than usual. The old crop is expected easily to last until the new one comes in.

More apricots than usual were received yesterday. Shipments from Yuma, Imperial and Coachella valleys came in. The San Joaquin crop is expected in soon. The output will be rather short in this locality, but in Orange county and other producing districts adjacent to Los Angeles, the crops are coming along very well, and promise to be of good size. Cherries are expected to arrive more freely in about a week, when they should be cheaper Currants are expected in a few days. Loquats were in good supply. Some fruit of excellent appearance was in evidence.

A carload of Mexican tomatoes was received. A large shipment from Florida is expected about Friday. Squash was a little cheaper and is in good supply. A considerable quantity has been received from Coachella valley. Peas were cheap, owing to large receipts. There was a plentiful supply of local cabbage. Artichokes were not as plentiful as the past few days. Good shipments of new potatoes continue to arrive. Green and wax beans were about the same. There was no particular change in the onion market. The supply of asparagus was fair. Dried small whole beans firmed. Green corn was cheaper. Not much rhubarb is received, and most of it is rather off grade at that.

Eggs advanced ½ cent. The market shows firmness because of light receipts. Butter was firm, but receipts were better. Local cheese was steady.

SUMMONS

In the Justice's Court of Santa Ana Township, County of Orange, State of California. J. B. Cox, Justice.

R. L. Burdic Company, (a corporation), Plaintiff, vs. J. M. Grimsley and Kate Grimsley, Defendants.

The People of the State of California send Greetings to J. M. Grimsley and Kate Grimsley, defendants.

You are hereby directed to appear in an action brought against you by the above named plaintiff in the Justice Court of Santa Ana Township, Orange County, State of California, and to answer before the Justice at his office at Court House in said Township, the complaint filed therein, within five days (exclusive of the day of service) after the service on you of this summons, if served within the township in which the action is brought; or, if served out of said Township but within said County, within ten days; or within twenty days if served elsewhere. And you are hereby notified that unless you so appear and answer said complaint, as above required, said Plaintiff will cause your default to be entered and take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the court for the relief demanded in the complaint, together with the costs of suit.

Given under my hand this 15th day of April, 1913.

J. B. COX,
Justice of the Peace of Santa Ana Township, County of Orange, State of California.

State of California, County of Orange—ss. I, W. B. Williams, County Clerk and ex-officio Clerk of the Superior Court in and for said county (the same being a Court of Record, having a Seal,) do hereby certify that J. B. Cox is and was at the time of signing the within instrument, an acting Justice of the Peace in and for said County, duly qualified, and full faith and credit are due to all his official acts as such.

In Witness Whereof, I have hereunto set my hand and affixed the seal of the Superior Court, at my office, this 30th day of April, 1913.

(Seal) W. B. WILLIAMS, County Clerk.

NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.

In the Matter of the Estate of Henry J. Remington, deceased.

Notice is hereby given that Friday, the 6th day of June, 1913, at 10 o'clock a. m. of said day, at the Court Room of this Court, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of George N. Hardin praying that a document now on file in this Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to George N. Hardin at which time and place all persons interested therein may appear and contest the same.

Dated May 20, 1913.

TWELVE MEN TO SETTLE THE CASE

Jury Chosen to Hear Testimony In Right-of-Way Suit Against Dr. Medlock

GOOD RAILROADING TAKES WIDE CURVE

Engineer Says Special Equipment Needed to Round Short Curve With Freight Cars

How much is it going to cost the Pacific Electric to cut a quarter-circle sixty feet wide over the northwest corner of Dr. J. R. Medlock's walnut orchard on North Main street?

The twelve men who are to answer that question were sworn in this morning by Court Clerk Backs after Attorney Frank Carr of Los Angeles, representing the railway that brought the condemnation suit to complete its right-of-way for an extension of the electric road to Orange, and Attorneys Williams & Rutan, representing the physician, had agreed upon the jury.

From among the talesmen drawn, the plaintiff challenged S. J. Lillie and M. C. Cooper, while the defendant's attorneys challenged Merritt Crandall, George Shoemaker and H. A. Miller.

The jurors are Jacob Mueller, Elmer A. Day, W. S. Peek, William McGreavey, C. L. Slack, C. H. Howard, L. W. Evans, Addison Rusk, Archie Henry, Henry Belt, M. S. Summers and J. C. Farnsworth.

George McClure of Los Angeles, a civil engineer for the Pacific Electric, was the first and only witness called by Attorney Carr. McClure declared that from the standpoint of good railroading the curve was necessary as planned. Attorney Williams pointed out that the curve would cut off about half of Dr. Medlock's frontage on Main street. Williams wanted to know why such a big curve was needed, why a short curve such as at the corner of Fourth and Main streets would not do in making the turn east off Main street outside the city limits. McClure replied that it would not be good railroading. Freight cars cannot be taken around the corner of Fourth and Main street without special equipment.

The actual amount of land to be taken in the strip is .741 acre.

Robert Paine, the first witness called by the defendant, stated he considered the entire twenty acre tract worth $1600 an acre and the west six acres fronting on Main alone worth $2200 an acre. C. R. Munson said he thought the twenty worth $1600 an acre and the west six acres worth $2400 to $2500 an acre. S. J. Jackman said he believes the twenty is worth $1700 to $1750 an acre and the west six $2400 an acre. G. T. Shaffer said the land is worth $1400 an acre and the west six about $2250 an acre. He thought the strip would damage Dr. Medlock's property $4000 or $5000.

Declares Homestead

A declaration of homestead has been recorded by A. Ball on lot 1, block B, Warner's subdivision of blocks C and F, Dresser tract, Santa Ana; value, $2500.

Withhold Proceedings

George Hoenshel of Orange, charged with being an habitual inebriate, will have a chance to keep away from the inebriates' asylum at Patton. It is up to him. This morning he was in Judge West's court for a hearing. S. V. and W. Poston were witnesses who were called to testify as to Hoenshel's habits. Judge West ordered that proceedings be stayed until further order of the court.

Charles C. Webley and Jose Tena were examined and ordered committed to the insane asylum.

Mexican Up For Misdemeanor Makes Statement That Brings Up Felony Charge

GARDEN GROVE BULL PUP COURT SUBJECT

Motorman Admits He Put the Animal Aboard Car; Conductor Kicked Him Off

Miguel de Alva of San Juan Capistrano was on trial for a misdemeanor this morning and he talked himself into a felony case. He was up for disturbing the peace. He went on the stand in his own defense, and under oath stated his relationship with his supposed step-daughter, a girl 15 years of age. This statement resulted in the issuance of a complaint on the felony charge.

De Alva has been living at the mission town for several months, having come from Riverside county. According to the testimony taken at the trial this morning, the man's wife was heard screaming. Neighbors heard a shot. The woman ran into the yard. Neighbors who went to the place found De Alva intoxicated. The woman said he had beaten her.

This morning the woman testified that she married De Alva in Mexico six years ago. She declared the shot had been fired accidentally, and while there had been a disturbance, she had no complaint to make.

De Alva asked to be allowed to testify. Justice Cox told him that what he had to say might be used either for or against him. De Alva testified that he had never married the woman, that he was living with her daughter, a girl now 15, and had been living with her for over a year.

Deputy District Attorney Koepsel had long believed this condition of affairs existed, but it took De Alva's statement to complete a chain of evidence that seems likely to send De Alva to San Quentin.

Trouble Over a Pup

An English bull pup, aged seven months, has caused R. A. Marshall, a P. E. motorman, a peck of trouble. Marshall this morning visited the justice's court, and with him came an explanation of the disappearance of Ross Conkle's $25 bull pup.

It was Monday that the pup became a missing mystery. Jerome Fulsom of Garden Grove, from which place the pup disappeared, got wind of the real reason Conkle's fancy fighter was gone, and on a visit to Los Angeles he arrested Marshall on a charge of petty larceny. Marshall was allowed to go on his own recognizance. This morning he went before Justice Cox and he quickly explained the affair.

He was brakeman on a P. E. freight train. The bull came up to the switch and played. Marshall helped him on the train. A mile from Garden Grove the conductor discovered the pup and kicked him off the train. The animal was found last night at the ranch of Charles Bowers, where he had taken up his abode.

Marshall pleaded guilty to the charge, and sentence was suspended.

Pistolo Bothersome

Jesus Saldama, whose revolver got him into trouble, is to be tried on May 21 on a charge of carrying a concealed weapon. Saldama asked to have Gregorio Sermeno and two Sermeno boys arrested for using him in a rough manner. Investigation showed that Saldama drew a revolver, threatened Sermeno, who then proceeded to capture the weapon, his sons aiding him.

Miguel M. Saldibe, a Delhi Mexican, is to be tried tomorrow for battery upon John Nichols. The trouble occurred outside a Delhi poolroom.

Attachment Case

Under Sheriff Law today attached bank accounts of defendants in an action brought by the Continental Refineries Company against M. L. Sawyer, D. R. Crater and the Petroleum Distributing Company. The suit is for $4716.33. G. H. Hutton of Santa Monica is attorney for the plaintiff in the action.

A LAND OF OPPORTUNITY

Humboldt County, the least developed in California, presents splendid opportunities to investors and homeseekers. Men and money are needed for dairying, small fruit growing, truck farming, general farming and apple raising. A country of wonderful resources and ideal climate into which the first railroad is now building. All inquiries promptly answered by the Humboldt Promotion and Development Committee, Eureka, Cal.

Brains applied to clothes

Every now and then something big happens that snaps men up onto their toes.

Just two years ago the oldest clothing maker in the country decided to focus the whole force of his organization upon the production of a thoroughly good suit of clothes for the average American man. All-wool fabrics were specially selected, hand-tailoring and expert workmanship were included in the coat—even the buttonholes were hand-made. It was found that this high-grade suit of clothes could be sold for the low price of $17—based on volume output.

Now, after two years, STYLEPLUS CLOTHES $17 are sought out in preference to many clothes selling as high as $25—the popularity is country wide. We are sole distributors here.

BELIEVES GANG STEALS BIKES

Pomona Police Chief Examining Bicycles That May Have Come From His Town

Chief of Police Tracy of Pomona was in Orange and Santa Ana today looking over bicycles in second-hand [illegible] there has been an epidemic of bicycle thievery at Pomona, and the police chief of that city has well defined reasons for thinking that some of the bicycles have been disposed of in this county.

The Pomona officer feels certain that there is an organized gang at work in the bicycle-stealing business. He hopes to be able to get evidence that will put a crimp in the gang's operations. He thinks the second-hand dealers purchase the bicycles innocently. It is not known that the chief located any bicycles stolen at Pomona.
